WHAT WE DO

Mobius is a Historically Underutilized Business Zone (HUBZone) certified Woman-Owned Small Business (WOSB) that provides engineering services, technical analysis, program management, and cyber security expertise. We advise and assist government organizations on issues of national and global significance, providing actionable solutions to current and emerging challenges.

Counter Insider Threat (CINT) and Program Security

Develop an integrated security program that addresses personnel screening, security processes, data systems, and training to increase an organization's security posture

Cybersecurity

Perform vulnerability research, reverse engineering, forensic analysis, Windows/Linux/VM/network security, embedded OS architecture, real-time software development

Intelligence Analysis

Collect and assess gathered intelligence information to improve understanding of the threat and inform decision making that delivers enhanced warfighting capabilities

Operations and Logistics

Perform integrated logistics planning, maintain operational baselines, and evaluate system utility for upgrades and modernization

Modeling and Simulation

Develop and utilize discrete event simulations that predict performance to support system assessment and technology upgrade planning

Organizational Strategy

Provide strategic planning, business process reengineering, and performance management solutions tailored for varied and unique challenges

Program Management

Manage programmatic and technical baselines to achieve objectives at acceptable risk levels within forecasted budgets

Systems Engineering

Evaluate architectures to define a system of systems that can be implemented, integrated, and operated

Test and Evaluation

Define test plans and reports, design experiment campaigns, provide range support, and conduct independent analysis to evaluate system design

A GREAT PLACE TO WORK

Mobius is proud to be a Certified Great Place to Work through the Great Place to Work Institute. We were also ranked #21 as one of the 2021 Best Workplaces in Consulting & Professional Services™. Mobius was recognized for its impressive 98% approval rating from employees surveyed, with respondents noting that the company is strongly trusted for competent and ethical leadership, providing employees with the support and resources necessary to thrive in their careers, and for championing work/life balance.

MOBIUS IN THE COMMUNITY

Mobius believes in giving back to the communities where we work and live. As such, we have developed our unique Social Systems Program through which we create meaningful jobs for unemployed or chronically underemployed individuals to support our non-profit partners. Through this program, Mobius currently has employees supporting Washington, D.C.-based Martha's Table and Huntsville, Alabama-based Manna House and Village of Promise.
